LEGEND & COMPLIANCE NOTES:

■ COGS: Cost of Goods Sold includes direct expenses to produce services (client-side index runs statically; inference runs in free tier).

■ SG&A: Selling, General, and Administrative expenses for business operations (all outreach conducted organically; no paid marketing).

■ Other Expenses: Zero external overhead (no domain purchases, rent, or paid tooling required during the hackathon period).

■ Cash Basis Method: Revenue recorded when cash arrives; expenses recorded when cash leaves.

■ Pre-existing Resources: \$0. All code, datasets, and infrastructure were created during the hackathon period starting August 11, 2026.
